

Interested in participating in genetic research?

Who is conducting the research?

Els for Autism Foundation™ in collaboration with the Seaver Autism Center for Research and Treatment at Mount Sinai.

What does it involve?

Researchers are collecting saliva samples from individuals with ASD and their parents for clinical and research genetic testing.

When can we participate?

Before, during, or after school, any day of the week! It usually only takes one appointment that may last between 1 and 3 hours.

Where do we go?

The Foundation building at The Els Center of Excellence.™

Why might we wish to participate?

To contribute to advances in research and to potentially learn more about your child's ASD. You will also receive a gift card!
